

Building Student Word Knowledge

Using brain based teaching strategies to improve academic vocabulary for all students

Presented by: **Wayne A. Callender**

Teach academic vocabulary in a systematic fashion using a 5-day instructional routine. Equip your students with the academic vocabulary required to be successful in the classroom and on state assessments.

Audience: *K-12, teachers, teacher leaders, principals, coaches, and support staff involved in school improvement.*

Establish a Strategic Plan for Efficient Vocabulary Instruction, including:

- Screening student language/vocabulary risk
- Teaching key grade level academic vocabulary in reading, language arts, science and math
- Identifying Tier 2 vocabulary words
- Use of vocabulary PowerPoint eSlides to incorporate concrete examples
- Explicit instructional routines and five day instructional plan
- Creating vocabulary activities and centers for meaningful practice and long term retention
- Using vocabulary mastery tests - ensure students know words and inform teacher instruction
- Progress monitoring vocabulary – Can students apply words weeks/months later?
- Strategies to share with parents so they can reinforce vocabulary learned in school.
- Understanding the connection between vocabulary and academic success.
